

Matariki Musings

WITH THE INDIGENOUS ECE COLLECTIVE

What does Matariki mean to you?

How do Indigenous knowledge systems and worldviews feature in your mahi and wider world?

Do you feel supported and confident in sharing your own cultural knowledge and perspective?

If any of these pātai spark something with you, nau mai haere mai, we invite you to join us for a wānanga based on the power of connection and community!

Moving into Matariki our growing collective of wāhine Māori and Pasifika leading in ECE, will share what this season means for them. A series of kōrero will share mātauranga relating to our unique and shared aspirations and perspectives of Matariki in our mahi and hāpori (communities).

In collaboration with ELP, this event is brought to you by Emma Parangi, Maria Sydney, Emalata Lutui & Jay Ferris.
